ABOUT US

Steel Buildings Australia is a fully Australian-owned and operated company. We pride ourselves on using quality BlueScope steel products and manufacturing locally across all states. It's a good feeling providing great Aussie made sheds using great Aussie products. What our customers spend here, stays here! All our kits are pre-engineered and custom-designed to suit the residential, rural and industrial sectors.

Steel Buildings Australia is part of the Steelx Group who specialise in the design and supply of pre-engineered steel building kits. The Group has been in operation since 2000 and has gone from strength to strength.

The Steelx Group has sold over 40,000 steel building kits and holds a large percentage of the market share in Australia. We choose to invest our money into research and development, rather than on bricks and mortar, so whilst you may not necessarily see our branches located on every street, you can be rest assured our premium products are of the highest quality.

READY TO GROW YOUR BUSINESS?

If you are looking to expand your product offering by quoting and selling steel sheds and steel kit homes, becoming an authorised Steel Buildings Australia Dealer may be the perfect opportunity.

We are looking for people who are:

- ▲ Financially secure
- ▲ Experienced with established businesses (licensed builders and construction companies are preferred)
- ▲ Established members of the local community
- ▲ Wanting to quote and take care of the sales process but not with a retail/shop presence
- ▲ Wanting to retain their own brand and business name

Our authorised dealers take care of quoting, designing and selling steel sheds and steel kit homes to their customer base. With full access to our quoting and CRM system, it really is easy to service local steel building clients in your area.
